Webinar: A Sneak Peek Into Financial Education Matters: Crypto-Assets

Friday, October 4, at 10 AM (GMT-4)

The Centrale Bank van Curacao en Sint Maarten (CBCS) is pleased to invite you to join a webinar that will be held on Friday, October 4, at 10 AM (GMT-4).

This webinar is held in relation to the World Investor Week (WIW). The WIW is a global campaign promoted by the International Organization of Securities Commissions (IOSCO) to raise awareness about the importance of investor education and protection and highlight the various initiatives of securities regulators in these two critical areas.

The main purpose of the webinar is to familiarize you with the concept of crypto-assets and the risk considerations. Crypto-assets are becoming increasingly popular. Nevertheless, consumers must realize that it is important to assess the risks related to holding crypto-assets before buying or investing in them. In particular, consumers should be aware that most providers of crypto-assets are unregulated. High volatility, the lack of (proper) regulation, vulnerabilities concerning cybersecurity, misuse for criminal and fraudulent activities, and lack of transparency make these types of high risk investments unsuitable for retail investors, or investors other than professional, accredited, or sophisticated investors.

The webinar will feature presentations by renowned international speakers Owen Donley (United States Securities Exchange Commission), Oz Eleonora (Zinica Group / Dutch Caribbean Securities Exchange) and Errol Cova (CBCS). The moderator for the event will be Shekinah Dare (CBCS).

We look forward to welcoming you at our webinar.

How To Join The Webinar:

1. Click the "Register" button below.

2. You will be taken to a screen to register your attendance.

3. Following you will receive an email with a link to join the webinar.
